*Helena Hultberg Talman NCPT*

*A graduate from the Ballet Academy in Stockholm Sweden, she came to the United States to pursue her career as a professional dancer. She performed in film, television, and numerous theatrical productions, and in fact, nearly kicked herself to death, as an 8-year member of The Radio City Rockette's. Helena was introduced to Pilates by a dancer friend, and found the training immediately gratifying. Never before had she felt such a connection from the inside out. She was also taken by how easily the technique could be applied to every type of person, with every type of body type, and fitness back ground. A natural body-work and massage therapist Helena soon decided to begin training to be a teacher of Pilates, and has since become a very proud Master Trainer of the Pilates Sports Center Teacher Training Program.*

Returning to her hometown of Spokane, WA, Maria opened The Pilates Life in January of 2005, and continued her education under the tutelage of master teacher Elizabeth Jones-Boswell who specializes in rehabilitation Pilates. She has had 2 successful pregnancies while doing Pilates and believes it's essential for pregnant women to stay healthy to aid the body in recovery after birth. Her philosophy is to help her clients re-discover their bodies. "It not only teaches you how to move more efficiently but creates a more uniform body... The overall affect is life changing."*

*Originally certified through PSC in 2015, I have been a huge believer of the Pilates method and all of its benefits. This allowed me to open my small private studio, Calibrate Pilates in 2020. I have a huge passion for teaching others about the movement and alignment of their own bodies. After attaining my dance and exercise science degrees, I realized I also have a huge passion for teaching others how to teach. The Master Teacher program with PSC will allow me to live out all my passions in one as well as get to work along my mentor Kelly Snailum. My hopes are to instill the best parts of what I know, into others that aspire to learn more.*

*BIO*

*I began my teacher training in 2011 and I haven't stopped learning and practicing Pilates since. I'm proud to be Comprehensively trained through Pilates Sports Center and certified as a PSC Master Trainer. I'm certified on Reformer, Cadillac, Chair, Tower, Mat Pilates, Barrels, Burn at the Barre® and TRX. Bridge trained with Club Pilates and BodyBar Pilates.*

*I knew Pilates was right for my body the moment my shoulders touched the reformer. The Pilates Reformer, Cadillac and Chair offered a way to strengthen and stretch my muscles in a challenging and safe environment. I was hooked at the first session. I'm the mother of two and the daughter of a football coach, so I've been active and played sports my entire life. As an adult I played competitive club tennis and golf. Practicing Pilates made me stronger and helped with my flexibility, breathing, posture and balance. I found a new endurance level and I could finally sleep at night. I experienced less injuries and overall felt healthy with the new strength in my day-to-day life.*

*My Pilates community is one of my greatest joys. I have met and loved so many wonderful teachers and students through Pilates. I have created and witnessed countless friendships in the studio. I can't think of a better home to begin your journey than through fitness that is Pilates.*

*Now, in my 50's, my approach to teaching and fitness is being healthy, strong and fit. What is the WHY for your Pilates journey?*

*As a kid I grew up in Wisconsin and always had an affinity with sports. I played golf, tennis and volleyball among others. Once in college at the University of Wisconsin, I focused on golf and played four years of varsity golf in Madison. It was also while at university that I was first introduced to Pilates. I remember watching Mari Winsor videos and was fascinated from the start. After finishing college, spending four years playing professional golf and several more caddying for my husband on the PGA Tour, I decided to deepen my knowledge and understanding of Pilates. I have now been teaching for 8 years and I fully believe that all people, especially athletes, can reap the benefits from practicing Pilates.*

*Emily is passionate about changing bodies and changing lives. A former professional dancer, she has long been involved in fitness as a participant and an instructor. After diving head first into her stay at home mother role to her four children, she decided to begin slowly re-entering the work force by doing what she loved most. After teaching various forms of high intensity cardio and strength exercise, Emily began to look for balance, and that search led her to Pilates.*

*Finding Pilates, Emily felt an immediate connection with both the method and the movement. Seeing and feeling the immediate benefits of Pilates, it very quickly became a large part of not only her fitness routine, but her lifestyle. It was this strong connection that was the driving force pushing her to become a Pilates instructor and eventually open her own studio.*

**BIO:**

*Charity Van Horn, NCPT*

*A Certified Group Fitness instructor. Started her fitness journey 17 years ago by teaching Group fitness at the local gym in a small town in Statesboro, Georgia. Little did she know that her passion for fitness would open an amazing world. After years of teaching various classes and programs throughout Georgia and South Carolina, she was able to experience studio Pilates. She was hooked from the start. She was able to see such a difference on her own body, as Pilates was literally fixing the muscle imbalances from the many years of wear and tear from teaching group fitness. In 2016 her family made the cross country move to Southern California. There she was able attend the Pilates Sports Center teacher training to become a Certified Instructor in 2017. There she worked in an amazing Studio with fantastic colleagues. In 2019 she relocated, yet again to Georgia, but this time to the Atlanta area. Once there she worked at larger box gyms teaching Pilates and group fitness classes until the Pandemic hit. The Pandemic forced her to make the decision to open a Private Home Studio, Core Pilates in 2020. She loves working with special populations from geriatric, office workers/gamers, to athletes, to help them to focus on balance in the body for their specific situation in life. If she's not in the studio you'll find her with the family, on the tennis courts, at the martial arts studio training for a black belt in Krav Maga, or in her car driving my children all over the place for various sports.*
